

WILDFIRE BELTS MEASURING GUIDE

Size	FLAPPER TO DESIRED BELT HOLE
SMALL	30"
MED	32"
LRG	34"
XLRG	36"
2X	38"
3X	40"

Measurement Guideline

Measure from the start of the flapper where it intersects with the upper inside of the buckle, then measure to the 3rd or middle hole towards the opposite end as shown in the cartoon above, or measure to the hole you typically use to secure your buckle. Match this measurement with the size chart above to determine which size to order.
